Great plot of land to build dream villa

A great option to buy and build your dream home. This plot enjoys amazing views both to the sea and the mountains. There is a ruin on the plot and a study has been made to build a villa with 295sqm all on one floor. Electricity is close by and water can be obtain from a future bore-hole. Good access via a tarmac road and the last 400 meters via a good condition dirt road. It distances 2 kms from the nearest village where you can find pharmacy, supermarkets, restaurants, cafés, etc.. Only 8 kms from Tavira.
